

# Employability

This project is part funded by the EU Asylum, Migration and Integration Fund. Making management of migration flows more efficient across the European Union.

**MyCoventry**

“Allowing newcomers to have the opportunity to work in their desired occupation and gain financial independence so they can make valuable contributions to the community is one of the projects main goals”

St Francis Employability

We recognise that by providing employment opportunities for newly arrived communities, not only helps to enable financial stability, but also allows newcomers to stand on their own two feet with pride and dignity, so that they can continue to make positive contributions to their own lives and the lives of those around them.

It is our aim to create and facilitate exciting job opportunities for newly arrived communities by working closely with a strong network of potential employers and existing partners to help bolster the employment workforce within Coventry as well as creating meaningful and long-lasting connections within the community.

Our Employability Workshops offer support and advice on a host of topics, which include English language support, CV building, Interview Preparation and Practise, Volunteering Advice & Support as well as Finding Employment.
